

**How to play "R.A.K. Attack Monster Savage Slider Shoot Out"**

*What you need to play -*  
You need seven slider-sized R.A.K. Attack Monsters

*Step one -* Place six of your monsters on the Target star circles. These are your Target Monsters. Now place the remaining monster on the Shooting Slider Circle. This is your Shooter Monster.

*Step two -* Using your fingers, flick your Shooter at a Target monster. This counts as one Shot. Players get six Shots per round. Any Target monster that is hit and knocked completely out of its Target circle scores a point.

However, if a player misses a Target Monster and his Shooter goes off the gameboard, that player loses a point.

**R.A.K. ATTACK MONSTER SAVAGE SLIDER SHOOT OUT!**

*Step three -* Tally up any points scored with the six shots, then reset the monsters on their circles and the next player takes his six shots.

*Step 4 -* Play proceeds for three rounds, with the high scorer winning!
